

# **Water is a Conductor**

(The electrical safety song)

words & music by Scot Cannon

**Water is a conductor.  
Everybody knows.  
We are mostly water,  
from our fingers to our toes.  
*Yes, I've got good toes.***

**Outlets, outside wires.  
The back of your TV's.  
Keep your fingers and your keys,  
far away from these.**

**Water is a conductor.  
Everybody knows.  
We are mostly water,  
from our fingers to our toes.**

***Everybody knows everybody!  
Yes, I've got good toes***

**In the shower or the tub,  
no radios or dryers.  
Stay away!  
Don't climb trees,  
near telephone polls or wires.**

**Water is a conductor.  
Everybody knows.  
We are mostly water,  
from our fingers to our toes.  
*Get a look at my toes.***

**Don't throw water on a fire,  
if it's coming from a wire.  
Call for help, get an adult.  
Don't use fingers or pliers.**

**Water is a conductor.  
Everybody knows.  
We are mostly water,  
from our fingers to our toes.**

***Everybody knows everybody!***

**Well you see I have this brand new pair of shoes.**

**There are holes in the shoes.**

**Okay!**

**So the water does go in.**

**But it does come out.**

**The best part of course is,  
you can see my toes.**

**Water is a conductor.**

**Everybody knows.**

**We are mostly water,  
from our fingers to our toes.**

*Everybody knows everybody.*

**Can you count my toes?**

**Can you see my toes?**

**There are holes, you can see them.**

**Yes, I've got ten toes.**

**Yes, I've got ten toes.**
