Sea glass and driftwood,
Seagulls and sun.
Salt water is all I need,
I want to stay by the sea.

We are so lucky we live by the sea,
Dolphins and whales swim by.
There's always so much to explore and see,
I look for shells at low tide.

Sea glass and driftwood,
Seagulls and sun.
Salt water is all I need,
I want to stay by the sea.

Waves are for surfing, rocks on the beach
Sailboats and snails go by.
Beautiful Islands, I wish I could reach
Lobsters and crabs say Hi.

Sea glass and driftwood,
Seagulls and sun.
Salt water is all I need,
I want to stay by the sea.

Kelp and wet Seaweed, I like to touch
Give me the sand on my feet
Stormy cool water gets really rough
Fish and fried clams what a treat.

Sea glass and driftwood,
Seagulls and sun.
Salt water is all I need,
I want to stay by the sea.
